

3R GOOD PRACTICES IMPLEMENTED BY NGOs/

3R Good Practices in India

NGO /CBO	Ecoscience Research Foundation (ERF)
Activity	Composting organic inputs

OUTLINE OF 3R GOOD PRACTICES

Keywords	Earthworms – Vermitech
Country	India
Area Implemented	India and abroad (Sri Lanka, Malaysia, etc)
Address	98, Baaz nagar; 3/621 East Coast Road, Palavakkam, Chennai 600041
Phone	+91 - 9384898358
Fax	+91 - 44 - 24480786
E-mail	sultanismail@gmail.com
Contact Person	Dr Sultan Ahmed Ismail
Waste Sector	Agricultural organic wastes
3R Practice	Creating awareness
Website / Data Source	www.erfindia.org

OVERVIEW OF PRACTICES

Introduction

Ecoscience Research Foundation is a public non-profit charitable nature having no commercial or profit motive. The properties, money and income of the trust will be applied solely for the purposes set out hereunder.

3Rs Good Practices

- To carry on research in life sciences, environmental and developmental issues including but not limited to soil biology and ecology, vermiculture and vermitech, environmental issues, developmental issues, toxicology, food and nutrition, organic farming, animal welfare.
- To establish research, training and educational institutions to carry out the objectives of the trust.
- To disseminate the research findings through workshops, seminars, conferences, training programmes, publications.
- To provide advisory consultancy for any environmental or social projects.

Outcome of practices

- Have trained several institutions, individuals and farmers in compost preparation as well as organic agriculture and organic nutrition gardening.
- Have offered consultancy to leading firms on Solid Waste Management (Organic component) such as M/S Sundaram Clayton, M/S Futura Polyesters, M/S Perfetti van Melle, M/S Presidency Kid Leather, UNIDO projects, as well as to NGOs such as EXNORA in India and the Consumers Association of Penang in Malaysia.
- Have been associated with creating awareness in schools and colleges.
- Delivered several lectures throughout the country and also abroad.
- Also advice on organic foliar sprays and pest repellants, root zone treatment of grey water; and create environmental awareness on food, health and hygiene
