## OVERVIEW OF PRACTICES

### **Introduction**

National Kidney Foundation (NKF) was established in 1969. NKF is a well-known NGO that provides dialysis treatment. This foundation is involved in conducting recycling program in co-operation with other institution.

### **Activity**

- Participating in the recycling program

The foundation is currently looking into recycling as another source of income. It has actively enrolled many corporate bodies such as IBM and Flamingo Institute to participate in the recycling program.
